Summary:

- Experienced in developing front-end and back-end solutions, using programming languages such as **Java, HTML, CSS, and JavaScript**.
- Good knowledge of web development tools including **Visual Studio Code, Figma, and Canva**, with a focus on responsive **UI/UX** design.
- Proficient in database management using **SQLite,** applied in project work such as hospital and school management systems.
- Hands-on experience providing **IT** support, troubleshooting hardware, software, and network issues in a fast-paced educational environment.
- Worked effectively as part of various group projects, such as the development of a **Hospital Management System**, where I contributed to designing user-friendly interfaces and improving operational efficiency.
- Demonstrated **leadership** in event organization, including founding the **Uzbek Society** at Brunel University and assisting in the Uzbek Food and Culture Festival, successfully managing logistics and customer engagement.
- Gained valuable skills in communication, event management, and customer service through experiences in **IT** support and festival staffing.
- A highly organized and driven individual, with a strong focus on career development and entrepreneurship, aiming to contribute to innovative projects in the technology sector.

Education

Sept. 2023 to June 2027   **Brunel University, Uxbridge, Middlesex**
BSc (Hons) Computer Science (AI)
2nd Year of Four-Year Thick Sandwich Course

Year Two Modules

Software Development and Management, Group Project Year 2, Usability Engineering, Networks and Operating Systems, Algorithms and their Applications, Graduate Development.

Year One Modules

Information Systems and Organizations, Group Project Year 1, Introductory Programming, Interactive Learning Skills, Data and Information, Logic and Computation.

Sept. 2021 to June 2023   **Academic Lyceum of Turin Polytechnic University**

Year one-two Modules

IT, Algebra Geometry, Physics, Astronomy, Russian/Uzbek, Literature.

Projects

Evolute School Management System
Group Project | 2024 – 2027

•Developed both the front-end and back-end using **HTML**, **CSS**, and **JS** using **Visual Studio Code**.

•Responsible for the Parents page, enabling parents to view student results, track attendance, access the finance section, and communicate with teachers and school administration.

• Created an intuitive and responsive user interface while ensuring robust functionality for managing school operations.

Brunel Hospital Management System

Group Project | 2023 – 2024

• Collaborated with a team to develop a Hospital Management System using **Java** and **SQLite.**

• Responsible for the Patient Information page, managing patient registration, assigning ID numbers, documenting medical issues, and ensuring data storage and retrieval using **SQL.**

• Designed and implemented user-friendly interfaces using **Figma** and **Canva**, improving operational efficiency for healthcare professionals.

Work Experience

Brunel Hospital Management System (Group Project)
September 2023 – May 2023   Brunel Pathway College

• Collaborated with a team to develop a Hospital Management System using **Java** and **SQLite**.
• Responsible for the Patient Information page, managing patient registration, assigning ID numbers, documenting medical issues, and ensuring data storage and retrieval using **SQL.**
• Designed and implemented user-friendly interfaces using **Figma and Canva**, improving operational efficiency for healthcare professionals.

Information Technology Support

October 2021 – June 2023   Turin Academic Lyceum

• Installed and maintained computer labs, ensuring all devices and operating systems were up-to-date and fully functional for educational use.
• Provided **IT** support to staff and students, troubleshooting **hardware**, **software**, and network issues, ensuring minimal disruption to learning.
• Assisted with the setup of new technology for classrooms, contributing to the seamless integration of educational technology.

Achievements

- Founder of the **Uzbek Society** at Brunel University (2024), growing membership to 50 members shortly after its opening and organizing several events for the society.

- Assisted in organizing the **Uzbek Food and Culture Festival** for two days. Helped with event logistics, such as arranging gazebos, providing chairs, tables, and chargers, and welcoming guests from the airport and transporting them to their hotels. Received a **certificate** for my contributions.

- Worked as a staff member in IT Support at my lyceum, earning certifications in IT and later receiving the **IT Specialist certificate** upon graduation.

- Participated as a staff member in the **World Halal Food Festival** in London, assisting **Yummies Backhouse** in promoting and selling new cookie products to customers. Received **certifications** for my contributions.

- Gained **valuable skills** in event management, customer service, and technical support through these experiences.

Interests

Outside of university, I enjoy playing football, organizing events, and traveling. I also occasionally read books and am passionate about learning new things and experimenting with them. I aim to continually grow my skills and knowledge. Additionally, I enjoy writing helpful content related to my experiences, particularly focusing on technology, event management, and entrepreneurship, which aligns with my career and personal goals.
